NINE SOLDIERS DIE IN PLANE

Asheville, N. C., Oct. 7 (AP)—Forest rangers pushed through rain-soaked thickets today and found nine dead soldiers in a smashed transport plane.

Nobody survived the crash. The big Army Air Force C-47 plowed into the steep eastern slope of Mt. Mitchell, eastern America's highest mountain 35 miles northeast of here. Air Force and Forest Service search groups had tramped the tangled mountainside since two mountaineers reported hearing an explosion about 11:30 a. m., Wednesday. They reported the experience after the plane was reported overdue on a flight from Washington to Brookley Air Base at Mobile, Ala.

Ranger W. C. Hall and five companions reported the plane hit and burned about three-fourths of a mile from the crest of the 6,684-foot peak.

Air Force search parties from Westover Field, Mass., and Greenville, S. C., went to the fire-blackened wreckage to remove the bodies. The job was expected to require several hours.

News Flashes From Around The World

Camden, N. J., Oct. 7 (AP)—Psychiatrists today found Camden Mass. Killer Howard B. Unruh insane. Prosecutor Mitchell H. Cohen said he will be sent to an insane asylum without ever standing trial for the slaughter of 13 people on a Camden street on September 6. The decision came after a month-long study of Unruh at the New Jersey State hospital at Trenton. Psychiatrists reported to Cohen today that they found Unruh to be "a case of dementia praecox." Dementia praecox is a type of insanity in which the brain cells deteriorate. It is considered incurable.

San Diego, Calif., Oct. 7 (AP)—The navy Neptune bomber "worked like a clock" when it made the longest flight—4,863 miles non-stop—from an aircraft carrier. Commander Frederick L. Ashworth of Palo Alto, Calif., was the pilot. He alternated at the controls with Lt. Cmdr. G. S. Morrison of Clearwater, Fla., copilot, and Lt. (jg.) L. A. Cox of Atchison, Kans., the navigator. All got some sleep.

Vienna, Austria, Oct. 7 (AP)—Three GI's were returned to the American zone of Austria today after spending more than four months in the Russian zone. One of them had scabies (the itch), another had malaria and was covered with bites, apparently from bedbugs. The U. S. Army identified the men as Private Peter J. Pontillo, 34, of Cleveland; Recruit Carl Ruhnke, 30, of Miami, Ariz.; and Recruit Carl Pruester, 30, of Newark, N. J.

Washington, Oct. 7 (AP)—Admiral Arthur W. Radford, a top Navy flier, today labeled the Air Force fleet of B-36 bombers a "billion dollar blunder" that will be "useless defensively and inadequate offensively" in an atomic war. In a slashing attack, Radford said that putting so much of limited military funds into the B-36 is "a bad gamble with national security" based on an unsound theory that there can be "a cheap and easy victory" through strategic bombing.

New York, Oct. 7 (AP)—A slow decline started in the stock market today after prices had advanced every day this week. Losses were small but most major groups were well represented in the minus column. Business tended to contract as prices slipped although activity in several low-priced issues helped to keep up trading volume.

WATER COMPANY TRANSFERRED TO TOWN AUTHORITY

The Gettysburg Municipal Authority became the owner of the Gettysburg Water company on Thursday.

At a meeting held in the Fidelity Philadelphia Trust company, Philadelphia, the authority paid to the Northeastern Water company the purchase price, plus the bonds to be placed in escrow. Directors of the Northeastern, at a similar meeting, turned the stock of the water company over to the authority.

Bonds totaling \$450,000 were delivered to Blair and company, Pittsburgh investment house, low bidders in the competitive bidding, and the proceeds, less \$30,000 in expenses, were turned over to Northeastern. The authority also delivered \$100,000 in additional bonds to be placed in escrow by the water company to guarantee the faithful performance of the operating contract.

To Build Water Line

The first act of the Municipal Authority after acquiring ownership of the water company stock was to authorize the advertisement for bids for the construction of a new ten-inch water line from the pumping station on Marsh creek to the north end of Gettysburg, where it will connect with existing mains to provide more adequate water supply and fire protection.

Attorney Eugene V. Bullett, counsel for the authority, said it was hoped to start work this fall on the new main.

Ray M. Hoffman, chairman of the authority, George T. Raffensperger, secretary and treasurer, and Mr. Bullett went to Philadelphia Wednesday to execute the bonds and other papers.

Others Join Group

They were joined on Thursday by Ralph Z. Oyer, vice chairman of the authority, Henry W. Garvin, and Borough Engineer LeRoy H. Winebrenner, also members of the authority.

Elect Officers

Immediately after the transfer of the stock, the Municipal Authority elected Mr. Hoffman, president; Mr. Oyer, vice president; Mr. Raffensperger, secretary.

15 VIRGINIANS ON TOUR HERE

Fifteen Alexandria, Va., industrialists and business and professional men visited Gettysburg today in a pilgrimage arranged by the Alexandria Chamber of Commerce.

Conducted by Dr. J. Walter Coleman, superintendent of the Gettysburg National park, the group toured the Confederate lines from Round Top to the Chambersburg pike. They halted at the Virginia (Lee) memorial where Ralph F. Bogle, president of the Alexandria Chamber of Commerce, placed a wreath in commemoration of the Virginia troops who fought here. A number of other stops were made along the tour at sites held by troops from northern Virginia during the three-day battle.

For many of the men the tour marked their first visit to the battlefield here, and all reported themselves as "delighted" with the "field."

ALCOA STRIKE IS NEWEST THREAT

Pittsburgh, Oct. 7 (P)—The threat of an aluminum strike today darkened a strike picture already made serious by walkouts in coal and steel.

The CIO United Steelworkers filed a strike notice against the big Aluminum Company of America, declaring no progress has been made in continuing contract negotiations.

Union Vice President James G. Thimmes said 20,000 workers in nine plants in eight states would strike at 12:01 a. m., Monday, October 17, if no agreement is reached by that time.

The steelworkers are pressing Alcoa for a wage increase and free pensions and social insurance. Negotiations were adjourned yesterday until sometime next week, subject to call by either party.

The steel strike is just where it was when it started a week ago but the government is making an effort to settle the three-week old coal walkout.

The issues in the two strikes are virtually the same—pensions and insurance.

Nobody was lifting a hand in the work stoppage of nearly 500,000 CIO-United Steelworkers. No union-management conferences were scheduled and President Truman hinted he could see no immediate crisis.

In Washington, however, President John L. Lewis, of the United Mine Workers, and representatives of the coal operations entered a new conference with the Federal Mediation and Conciliation Service.

from Washington to assist in the conduct of the business. Mr. Stallsmith said Miss Stallsmith resigned her position in the travel department of the Pan American Union, where she had been employed for 12 and a half years.

Mr. Stallsmith purchased the building, which houses his new offices, in 1914 from Mr. and Mrs. W. B. Hammond of Denver, Colo. Mr. Stallsmith is also owner of the Willis house, and for many years operated a news agency and drug store on the ground floor, leased now to Rea and Derrick. For a time he conducted a music store where his office is now located. At one time it was a five and ten-cent store, and more recently a bowling alley.

Popular Meeting Place

During the many years he conducted the news agency and drug store, the location was "headquarters" for college students, members of the football team and townspeople. When Camp Colt was located here, soldiers also gathered at the store, and thousands of newspapers, all that came into Gettysburg, were handled daily. Mr. Stallsmith had been a bookkeeper and teller at the First National bank before starting the news agency in 1911. Prior to that he worked as relief station agent and telegraph operator for the Chicago, Milwaukee and St. Paul railroad and the Baltimore and Ohio. He was born at Granite.

Mr. Stallsmith has been an enthusiastic hunter most of his life, and plans to place some of his larger trophies on the walls of his new office. He has hunted "from Maine to Alaska," he says. He is married, and has four children, Mrs. Louis Quintanilla, Mexico City; Mrs. Lawrence Ellis, Massau, N. H.; Miss Sarah Elizabeth Stallsmith and Miss Martha B. Stallsmith, at home.

FAREWELL PARTY

A farewell party was tendered recently at the home of Mr. and Mrs. Clyde Sanders in honor of Rev. and Mrs. John Garman, who left Wednesday for Springfield, Ohio, and who later will move to Saskatchewan, Canada.

Those present were Rev. and Mrs. Garman, Mr. and Mrs. Daniel Myers and children, Rita Fern and Ronald, Capt. and Mrs. Bernard Williams, and the Misses Dorothy Jean McCleary, Norma McCleary, Mary Margaret Izer, Nancy Entemann, all of Iron Springs; Mr. and Mrs. Raymond Shultz and daughter Doris Jean, of Rouzerville; Mr. and Mrs. Leo Strausbaugh, of Wayne Heights; Glenn Hess and children, Glenda, Erwin and Gerald, of Fairfield.

The evening was spent playing games after which refreshments were served.

Rev. Garman has been pastor of the Iron Springs Brethren in Christ church for the past five years. His vacancy will be filled by the Rev. Leonard Falk.

DEVALUATION OF FRANC CAUSE OF FRENCH CRISIS

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

The fall of the French government under Premier Queuille is not in itself a matter of extreme gravity; it's what must be expected frequently in a country which has such a multiplicity of political parties that maintenance of a government majority in Parliament is difficult.

However, the present crisis reflects far more than domestic politics. It grew out of devaluation of the franc and so is part of the Western European economic dislocation which also is so strongly in evidence in Great Britain.

That dislocation is causing increasingly deep anxiety in the chancelleries of the democracies, for it renders peace more vulnerable.

Not Mere Chance
It scarcely can be by mere chance that this economic stress sees an intensification of the bitterness in the quarrel between Moscow and the fiery Balkan state of Yugoslavia. Russia is cracking down harder on the rebellious Marshal Tito as Western Europe discloses weaknesses.

The consensus of observers is that the French government crisis has its roots in the recent devaluation of the British pound sterling, which forced a like devaluation upon France and other Western European countries. The Conservative London Daily Mail says Queuille's resignation was due largely to England's devaluation, about which France wasn't consulted. The newspaper adds that the premier has been gravely embarrassed by the consequent rise in prices.

In any event, an increase in prices, and fear of inflation, brought quick demands from French labor for increases in wages to meet a higher cost of living. This was reflected in the cabinet which became divided over the issue.

Opposed To Increases
The government (that is, the cabinet) has been the central core in Parliament between the followers of General DeGaulle on the extreme right and the Communists on the extreme left. Queuille, who is a Radical Socialist (Conservative), was strongly opposed to general wage increases which he believed would create further inflation. On this he stood pat.

In this the premier was supported by the rightist members of his cabinet but opposed by the leftists. Naturally that created an impossible situation and he tendered his resignation, which was accepted. That left the country without a government, pending the formation of another cabinet.

SUPPRESSION OF NEWS IS SCORED

Harrisburg, Oct. 7 (P)—A Pennsylvania newspaper executive said today public officials must be discouraged from suppressing public news if the press of America is to be kept free.

William D. Reimert, managing editor, Allentown Call-Chronicle, told a newspaper convention here that "we must keep all news sources open, if we are to maintain reader confidence in our integrity and the integrity of our product."

"There are as many ways to crack a story as there are to skin a cat," Reimert asserted in a speech before the 25th anniversary convention of the Pennsylvania Newspaper Publishers' association. "Actually no news source is closed if the reporter and publisher make use of all news sources."

Reimert added that "nothing is so discouraging to closed news sources, as a news staff that is able to come across with a story anyhow."

"We have won only half the battle," Reimert emphasized, "when we have opened every possible news source and are able to keep them open. The other half . . . is to keep the minds of the reading public open to what we print, to maintain confidence in our integrity and in our newspaper."

Sees No Hope Of Home Price Break

Harrisburg, Oct. 7 (P)—The Pennsylvania Realtors Association forecast today that families waiting for the "price break" in homes can "expect virtually no change for years to come."

The association said in a statement that surveys indicate the decline in building costs has hit bottom while consumers' income is expected to remain at a high level, preventing any further price drop.

"During the business recession early this year," said Oscar B. Quinto, of Philadelphia, association president, "real estate earnings, activity and values held up better than many other types of enterprises more closely associated with the property position."

He said that the drop in building costs in the last year was due to a more plentiful supply of materials and better labor productivity.

"This drop has about reached bottom and tends to level off," Quinto added. "The easing of prices on existing homes last year tends to stabilize in sympathy with production costs."

Lou Little is in his 20th year as head coach of Columbia football.

E. German Republic Proclaimed Today

Berlin, Oct. 7 (P)—The East German Republic—Russia's newest satellite—was proclaimed today under the leadership of German Communists.

The German Peoples' Council, heretofore a pro-Soviet public forum without any legal powers, voted unanimously to become immediately the lower house of the "German Democratic Republic."

The Germans now have two separate regimes—one for the Eastern part of the country established today and the recently-formed West German government which has authority in the American, British and French occupation zones.

A president, premier and full cabinet for the East German Republic will be named next week. The new Red regime was built up without the formality of elections in a week of intensive Soviet-fostered propaganda.

Says Poultrymen Need Support Price

Harrisburg, Oct. 7 (P)—Poultry producers need a "stop-loss" price support of 60 to 90 per cent for eggs and poultry, except broilers, says Leslie Hubbard, Lancaster, National Poultry Producers Federation president.

"The Poultry Federation and other organizations," he said, "have asked repeatedly for a price support program that would be at 'stop-loss' levels—not at profit levels."

Hubbard's statement came at yesterday's final session of the Northeastern Poultry Producers Exposition.

At the same time, Hubbard was elected president of the state Poultry Federation succeeding Dr. P. H. Seitz, of Wrightsville. Ralph Minnick, of Harrisburg, was named vice president, and Elmer Groff, of Mt. Joy, second vice president.

TOKYO ROSE IS GIVEN 10 YEARS

San Francisco, Oct. 7 — Tokyo Rose was sentenced to 10 years in prison and fined \$10,000 Thursday for turning traitor to the United States by broadcasting propaganda over the wartime Tokyo radio.

The treason sentence, five years greater than the minimum, was imposed on Mrs. Iva Toguri D'Aquino by Federal Judge Michael J. Roche.

Defense Attorney Wayne Collins announced he would appeal "probably next Monday . . . maybe tomorrow."

Mrs. D'Aquino, who was one of six "Tokyo Roses" on Japanese propaganda programs beamed to U.S. troops in the Pacific, was impassive as the sentence was read.

She stood with her eyes downcast. She was dressed in the same plaid suit that she wore throughout the longest treason trial in U.S. history. It hung slackly on her, for she had lost 30 pounds during the 56-day trial that ended a week ago when a six-man, six-woman jury found her guilty of one of eight overt acts of treason.

Drexel Gridders Expect To Give Bullets Real Tussle Here Saturday Afternoon

Another large turnout is anticipated Saturday afternoon when the unbeaten Gettysburg college football team go after their third straight football victory at the expense of Drexel Tech when the teams meet on Memorial Field at 2 o'clock.

The crowd will be augmented by some 800 fathers who are expected on the campus this week-end in observance of the annual Father's Day events.

The Gettysburg high school band, under the direction of Edwin Long-anecker, will be guests of the college at the game and will perform preceding the game. The Maroon-clad musicians will put on a demonstration from 1:15 until 1:30 o'clock, after which the college band will take over and perform just prior to kickoff time at 2 o'clock.

It was revealed today a third band will be on hand for the game, Drexel having notified college authorities it will send its 40-piece band to head a good sized delegation of fans.

As to the game itself Coach Henry Bream says "We are taking nothing for granted in the game with Drexel and have prepared for a stiff contest. Drexel is apparently on the upgrade after beating Ursinus last week and we know the Dragons would like nothing better than to pull an upset."

Dragons Primed
According to reports from Philadelphia Coach Otis Douglas is far from conceding anything to the Bullets, pointing out his team received a tremendous lift last week by halting a 19-game losing streak that extended back into 1947. His entire squad is in fine condition and raring to face the locals.

Douglas, a tackle for the Philadelphia Eagles, promptly installed the T-formation on taking over the coaching duties at Drexel and is reported as pleased with the way his charges manipulate the formations. He has 20 lettersmen on his squad from last year.

Starters for Drexel are expected to be: Left end, Scalo; left tackle, Pascale; left guard, Ream; center, Stewart; right guard, Price; right tackle, Huster; right end, Spahr; quarterback, Brown; left half, Gerlach; right half, Bigatel, and fullback, Pasztalaniec.

Cervino Ready
Coach "Hen" Bream has announced that Tony Cervino, halfback, is again in top condition after missing the Western Maryland contest. He will appear against Drexel. Bob Court, end; Warner Moore and Mike Erbio, tackles, will miss the contest because of injuries. Their return to action is indefinite.

Larry Antonik, 200-pound junior guard, will replace Moore while Bud Musselman will be assigned to replace Erbio in his defensive spot backing up the line.

The remainder of the Bullet squad is in good condition and all players are ready for full time action.

CANNERS DOWN QUINCY 27-13 FOR 2ND WIN

Coach Gene Haas' Biglerville Cannners overpowered a hard-fighting Quincy eleven 27-13 in a cleanly fought tussle Thursday evening on the winner's field. Only one minor penalty was called during the entire game.

Each team scored once in the first half to leave the score even at 7-7. But in the second half the Cannners knuckled down to rack up two tallies in the third quarter and one in the fourth. Quincy came back in the fourth to move over the goal line for a second score. Two of Biglerville's chances to score came as the result of fumbles while another score came on a 95-yard touchdown runback of a kickoff by Heller. One of Quincy's scores was set up by a fumble.

Biglerville pushed for 16 first downs while Quincy netted eight. The Cannners completed one pass in four attempts while Quincy relied heavily on a passing attack that saw them heaving 10 complete passes out of 19.

Biglerville received and took over on the 26. Pitzer drove for a first to the 47 and Heller moved over the middle stripe to the Quincy 42. Walde ploughed ahead to the 30. The Cannners lost the ball on downs and Quincy took over on its own 26. Quincy attempted to kick on fourth down but the pass from center dribbled off to the side where it was recovered by Kopp for Biglerville on Quincy's 25 to put the Cannners in scoring position. Walde and Pitzer moved close to a first down. Rice, on a quarterback sneak, moved to the 13. Pitzer smashed to the 13 and then to the 1 with two Quincy players hanging on. Another try by Pitzer carried him over for the initial score. Heller's kick was good.

Quincy took the kick-off to the 31 and moved for a first to midfield. On fourth down Quincy kicked the ball into the end zone and the Cannners took over on the 20. Rice, on a quarterback sneak, got to the 41. Walde added a first on the Quincy 49 as the quarter ended.

Quincy Tallies
Opening the second quarter Heller fumbled and Quincy recovered on its own 46. Three plays put the ball on the Biglerville 45. From there Little cracked through the line, broke into the open, and raced for a score. A pass to McKinstry was good for the extra point. Later in the same quarter Unger broke through to block a Quincy kick and the Cannners took over on the Quincy 35.

Walde smashed to the 24. Pitzer plunked to the 10 and then to the 1 where the ball was lost on downs. Quincy took over and chanced a pass that clicked to the 12 for a first and then lost the ball on downs. Biglerville gained for a first as the half ended.

Quincy took over on its own 34 after kick-off and fumbled on second down with Pitzer recovering for the Cannners on the Quincy 37. Pitzer forged ahead for three first downs to the 23, to the 12 and then to the 2. The only penalty of the game, an off-side infringement, moved the ball to the 1, from where Heller scored. The extra point kick was good. Quincy received the kick-off and took over on its 26. A pass was good to the 39. Quincy kicked on fourth and Biglerville took possession on the Quincy 36. Heller threw a good block and Walde went to the 20 around left end. Walde returned the favor and Heller reached to the 9 around right end. Pitzer slammed to the 1, and then across for the TD. The kick was good.

Quincy took the kick-off to its own 39 and launched an aerial attack that carried them over the final marker. Fry completed passes to Butts at midfield and then to Bonner on the Biglerville 39 as the quarter ended. Resuming play Fry tossed to Bonner on the 23, then to Butts again on the 2. Bonner cracked over for the score, but a line buck failed to add the extra point.

Heller Runs 95
Quincy kicked off and Heller took the ball on his own five, came straight up the middle as good interference formed ahead, broke through into the clear, cut to the

Lancaster, Pa., Oct. 7 (AP)—J. H. Manuel, 57, of Columbia, a brakeman, was on a coal car on a Pennsylvania railroad freight train. As it approached a city crossing, an automobile struck the six-car train, pinning Manuel between the coal car and the auto.

JUNIOR HI 11 DOWNS DELONE BY 6-0 SCORE

Rogers Herr's Gettysburg junior high football team opened its season successfully Thursday night by defeating Delone junior high 6-0 in a scrappily contested game here before several hundred fans.

The only score of the evening came in the second period when "Skip" Fisel hurled a pass to Skinner who raced 30 yards for a tally. The try for the extra point failed.

Gettysburg had several scoring opportunities but lacked the drive to score, inexperience creating several muffed situations.

Coach Herr's lads had the ball on the Delone three-yard stripe with a first down as the game ended.

Bob Miller, local left halfback, thrilled the spectators with two long punt returns, one being good for 65 yards and the other for 35. Wayne Tonsil, right half, was a consistent gainer for the locals on line bucks.

All of the Gettysburg lads played good ball with hard and efficient blocking and tackling.

The winners will now be idle until Thursday, October 20, when they will play at Mercersburg academy.

Jackie Robinson Rumor Is Denied

New York, Oct. 7 (AP)—Both Brooklyn and Boston baseball officials stoutly denied today a report that Jackie Robinson, the Dodgers' stellar second baseman, had been sold to the Braves for a wad of cash and talent.

The Washington Times-Herald, in a dispatch from New York, reported it had learned Robinson would go to the Braves for \$250,000 and two unnamed players.

The official announcement of the deal is being held up until after the World Series, the paper added.

A Brooklyn spokesman who declined use of his name termed the report "poppycock." Billy Southworth, manager of the Braves who was given a late season leave of absence, said he was positive there was no foundation to the report.

MICHIGAN, O.S., PITT AND PENN PICKED TO WIN

By HAROLD CLAASSEN
New York, Oct. 7 (AP)—This may surprise the more rabid baseball followers but there is a full schedule of college football games carded for Saturday, too.

This is how the games should come out if they follow form: Michigan over Army; The Cadets have the miseries in the fullback department and they are likely to have them even worse at the final score.

Notre Dame over Purdue: The Irish, also owners of an unbeaten string, appear to be about four touchdowns better than the Big Ten Boilermakers.

Kentucky over Georgia: It is Kentucky's homecoming and Coach Bear Bryant will have his Wildcats fired up to protect their unbeaten status.

Ohio State over Southern California: This could be a preview of the January 1 Rose Bowl encounter. Oklahoma over Texas; Darrell Royal is Oklahoma's passing quarterback and the Texans will suffer a Royal flush trying to keep up with him.

Duke over Navy: A year ago the Duke freshmen were crushed by the Navy plebes. Those players are sophomores now and the Dixie lads will get their revenge.

Stanford Gets Nod
Stanford over UCLA, the first of the west coast's crucial games. Not much to choose but Stanford appears a touchdown the stronger.

Minnesota over Northwestern: Minnesota fans will be singing "Billy Boy," in honor of Billy Bye, after this one.

Yale over Columbia: This game will be played for the benefit of those sports fans unable to get tickets for Ebbets Field.

North Carolina over South Carolina: Just what was it the two governors of those two states said to each other?

Skipping over the others in a hurry:

Friday—Alabama over Duquesne, Temple over Syracuse, San Francisco over Detroit, Villanova over St. Mary's.

Saturday—Cornell over Harvard, Pennsylvania over Princeton, Pittsburgh over West Virginia, Penn State over Boston College, Dartmouth over Holy Cross, Rutgers over Lehigh, Colgate over Boston University, Lafayette over Muhlenberg, Delaware over Bucknell, Fordham over Kings Point, Penn Military over Swarthmore.

Sunday: Scranton over Niagara, Santa Clara over Portland, St. Vincent's over Alliance.

The original forest area of the United States is estimated at 820 million acres—nearly half the country's land area.

Kansas is by far the greatest wheat state in the union, producing nearly twice as much as its nearest competitor—North Dakota.

ODDS DROP ON YANKS AS ROE HURLS SHUTOUT

By JACK HAND
Brooklyn, Oct. 7 (AP)—Once again Preacher Roe's crafty left arm has turned night into day for Brooklyn.

Now it's up to Rex Barney, Ralph Branca, Don Newcombe and the strong, young arms of Burt Shotton's staff to subdue the New York Yankees. Roe did his bit by squaring the World Series with his 1-0 victory over Vic Raschi in yesterday's second game.

If it goes six or seven, as seems likely now, the "Preach" from the little hill town or Hardy, Ark., may be in there again. But not before Monday or Tuesday.

Pitching like a man with a mission, blood dripping from an injured finger, Roe has put the Dodgers back in the old ball game.

Even the odd makers saw the light in Roe's homespun masterpiece. Instead of the easy-does-it 1 to 3 favorites of yesterday, the Yankees now are only 3 to 4.

There won't be half as many people present in Flatbush as the 70,053 who decorated Yankee Stadium yesterday, but you can bet they will make more noise. The crowds at the two pitchers' battles in the Bronx were staid and almost stuffy.

The pitching in the third game may produce another gem but it seems unlikely. Barney, a semi-tamed wild man in the bases on balls department, can throw a no-hitter or a 10-walker. Nobody knows, likeable Rex least of all.

Branca, too, has been an in-and-out all season despite his respectable 13-5 win record. As compared to Barney's 9-8 season, Ralphie looks impressive, but Shotton may choose to go with Rex.

The Yanks will start lefty Tommy Byrne.

No matter what happens today, baseball people will be talking over the Roe-Raschi and Reynolds-Newcombe duels for months to come in the hot stove league.

First Home Shutout
Mixing hell with his sweeping curve, change of pace and "fast ball," Roe handed the Yanks their first shutout of the season at Yankee stadium.

The Dodgers and Yanks go into the record books as the first to play two 1-0 games in the same series, let alone in succession.

Jackie Robinson provided the run Roe needed yesterday in the second inning. Robby doubled, took third on a foul pop and scored on Gil Hodges' single. That was it.

Only once did the Yanks have more than one man on base at the same time. They never did get two hits in the same inning.

It was the eighth when the pressure really was on. Casey Stengel, searching his bench for a pinch hitter, sent big Jawn Mize up to hit for Charley Silvera. Mize celebrated his first World Series chance in 17 years of waiting with a single.

Bobby Brown, the 1,000 pinch hitting ace of the '47 classic, was called out on strikes but Roe fumbled Rizzuto's sacrifice bunt for an error. There were men on first and second with Tommy Henrich, the home run hero of the opener, at the plate.

Weighing every pitch carefully, Roe took Henrich to 3-2, and then retired "old reliable" on a hoist to Luis Olmo. Hank Bauer, another long ball hitter, drew three straight balls and then a strike before he forced Rizzuto on a bounce to Spider Jorgensen. The heat was off.

Joe DiMaggio, who had gone 0 for 6 in the series, beat out a slow roller for a single starting the ninth and Roe again was threatened. But he struck out Johnny Lindell, made Bill Johnson pop out and ended the game with Jerry Coleman's outfield fly.

All this time, from the fourth inning on, Roe was working despite a painfully injured finger. A smash to the box by Lindell tore half the nail off the fourth finger of his

right hand. Doc Wender, the club trainer, drilled a hole in the nail to let out a pocket of blood after Roe batted in the fifth.

The United States' present area of commercial forest land is estimated at 461 million acres.

ORGANIZE NEW BASEBALL LOOP

Seven of the ten teams which played during the past season in the Penn-Maryland Baseball league will be members of a new circuit next season, it has just been revealed.

Organization of the Pen-Mar league took place at a meeting held on Tuesday night in Emmitsburg.

Clubs joining the circuit include the Hanover Moose, McSherrystown, Littlestown, Emmitsburg, Blue Ridge Summit, Thurmont and Taneytown.

An eighth team is to be enrolled. Any club interested in joining the circuit has been asked to notify the league president or secretary by November 15, when the next meeting will be held in the Littlestown VFW home.

Teams which played in the Penn-Maryland league and will not play in the Pen-Mar circuit are Wakefield, Harney and Middleburg.

The new league plans to play Sunday ball with each team participating in 21 games.

Dr. D. L. Beegle, Emmitsburg, was named president of the league, with Bernard Weaver, Littlestown, as vice president, and C. A. Elder, Emmitsburg, as secretary-treasurer. A board of arbitration was appointed, including the Rev. Frank Reynolds, Littlestown; Ray McGlaughlin, Emmitsburg, and Edouard Grenier, Hanover.

Today's Talk

By GEORGE MATTHEW ADAMS
LIFE IN OTHERS

Can there be anything more comforting and inspiring than to feel that you have helped to maintain life in others?

We are more inter-dependent upon others than we realize. We feel this when we find ourselves far away from everyone. There are memories, however, and that rare acquaintance with oneself that help so much to nourish so many silent hours when far from friends and home. Others then maintain life with us.

The finer qualities of one's mind and heart are extremely contagious. How often we hear the expression: "He reminds me so much of —". We all have so much in common. But it's what we spread out, and give freely away, that distinguishes any of us. It's the life in others that maintains all friendships.

Each of us undoubtedly has traits that have come down to us from scores of generations. And not wholly through blood, but through the influence of blood. Great characters always radiate and uplift, no matter where they move and have their being.

In that inspiring little book, by Haniel Long, "The Power Within Us," there is this statement: "The power of maintaining life in others, lives within each of us, and from each of us does it recede when unused." Not until we begin to give ourselves away do we come to realize how wonderful it is to have the power of influence, and to keep it functioning.

None of us stand alone. There are scores of invisible hands that are forever outstretched to hold us steadily upon our feet. We rarely think of this. Some loved one always near. To give us hope and confidence. To fortify our faith. Influence cannot be measured with a yard stick. Like the breeze that bends the tree, it has no dividing line. It keeps travelling.

I keep thinking of the loved ones who have journeyed out of life here upon the earth, but the rare substance of themselves remains to continually comfort and inspire. Nature is eternally creative. Just so are Love's finger-prints — imperishable, wherever they have touched. Life in others goes on and on. And none of us can give to ourselves without a healthy and wholesome comeback. Tomorrow Mr. Adams will talk on the subject: "The Courage to Dis-

CHILDISH GROWN-UPS

The more I study men at play
And hear the angry words they say,
The more my conduct I review—
The heedless, foolish things I do—
The oftener this thought is had:
"The ways of children aren't so bad."

We scold our little girls and boys
At play for making too much noise.
Yet, at their cocktail parties bay
Grown-ups are noisier than they.

The men with louder voices speak,
And louder is the female shriek.

We're children all! Some older grown
With childish traits that still are shown.

The faults of children we rehearse,
But, oh, our own are often worse.
Shout on, you little girl and lad!
Compared with us, you're not so bad.

Charities: Because, he said, the recent special session of the Pennsylvania state legislature was called to meet the relief needs of the state, State Senator John S. Rice announced that he has sent checks for \$100 each to the Annie M. Warner hospital, the Chambersburg hospital and the Waynesboro hospital.

The remainder of his salary check of \$500 which he received for attendance at the recent short session, Senator Rice said he would distribute among his private charities.

Senator Rice was one of the few members of the legislature who voted against paying the senators and representatives for the special session.

Forty Hours Adoration Begins Sunday: Forty Hours adoration of the Blessed Sacrament was observed in St. Francis Xavier's Catholic church on Sunday.

A solemn high mass with Father Stock as celebrant and seminarians from Mt. St. Mary's seminary acting as deacon, sub-deacon and master of ceremonies, was sung at 10:30 o'clock, during which a procession of the altar boys, the clergy and the Holy Eucharist formally inaugurated the Forty Hours' devotion.

The Blessed Sacrament is exposed all day Sunday, Monday and Tuesday. The services will close Tuesday evening.

In radio, when broadcasts of the same type are presented one after the other it is called "pattern programming."

ACQUIT MOTHER OF MURDER IN BABE'S DEATH

Wilkes-Barre, Pa., Oct. 7 (AP)—Mrs. Martha Woodson Kalwaic, former Virginia society girl and child psychology student, has been acquitted in the fatal beating of her 15-month-old son.

But the tall, blonde wife of a Hazleton, Pa., dentist is not free to return to her home and two other children, one born while Mrs. Kalwaic was in police custody.

A neutral psychiatrist was to examine her today to determine if she can safely be discharged. Mrs. Kalwaic had pleaded temporary insanity while beating her son, Henry, to death on May 12.

Defense Counsel John H. Bigelow sought immediate release of Mrs. Kalwaic last night after the jury of nine women and three men brought in its verdict following nearly four hours of deliberation.

District Attorney Leon Schwartz

objected, however, but agreed to the appointment of a neutral psychiatrist to help Judge Frank L. Pinola decide whether to release the woman.

Mrs. Kalwaic admitted on the witness stand she was responsible for the death of her infant son but said she did not know what she was doing when she bumped his head on the floor in an attempt to make him obey.

Showed No Emotion

Judge Pinola, in his charge, told the jury it could bring in one of three verdicts—second degree murder, manslaughter or acquittal.

The district attorney urged the jury to find a verdict of murder in the second degree. He called the fatal beating "a malicious act from the wickedness of heart."

Mrs. Kalwaic showed no emotion as the verdict was read. Finally, as she fully realized the significance of the decision, a wan smile spread across her face.

Telegraph cables in the ocean are not suspended from shore to shore but, being so heavy, rest on the floor of the sea, sometimes miles deep.

Emmitsburg

Emmitsburg—The initial meeting of the Glee club of Saint Joseph's high school was held Tuesday. At the next meeting members will elect officers and induct new members into the club. Prof. Sternbinksky is the instructor of music at the high school.

The Entre Nous Sewing club met Tuesday evening at the home of Mrs. C. A. Harner, East Main street. The Junior class of St. Joseph's high school was measured for class rings which they expect to receive before the beginning of the new semester. They chose as the pattern of the rings the American Beauty.

Mr. and Mrs. Maurice Moser, of near Emmitsburg, entertained on Sunday. Guests included the following: Mr. and Mrs. Henry Heidler and daughters, Barbara and Lorraine, and son, George; Carl Huber and Sam Krum, of York, and Miss Diane Hynes, of Baltimore. This was in celebration of Mrs. Roy Sanders' birthday, which was last Wednesday.

Mrs. James Birley and sons, Robert and Jacob, and Mrs. Stella Hahn visited friends in Thurmont yesterday.

Mr. and Mrs. Charles Valentine, Mr. and Mrs. Clyde Prock, Mr. and Mrs. Maurice Moser and daughter, Shirley, and Mr. and Mrs. Emory Valentine spent yesterday in Frederick and attended the Frederick county fair.

Miss Diane Hynes, of Baltimore, spent Sunday visiting at the home of Mr. and Mrs. Roy Sanders and family, of near Emmitsburg.

Sunday's service in the Lutheran church: Sunday school at 9:30 a. m. and church at 10:30 a. m. The Junior Choir will sing during the church hour. A sound movie, "God Is My Lord," will be shown in the Parish

RECORD AT PENN STATE

State College, Pa., Oct. 7 (AP)—R. M. Gerhardt, dean of admission, today reported a new record student enrollment—10,928—at the Pennsylv-

ania State college. The figure which includes 9,502 full-time undergraduate students, exceeds last year's campus enrollment by 1,127. It includes 531 freshmen, all women.

Other first-year students still are enrolled at off-campus centers.

Expert Says Atomic Energy Will Not Threaten Coal As Fuel For Another 15 Years

NUCLEAR FUEL IS SOON TO BE USED ON SMALL SCALE

New York, Oct. 7 (AP)—It will be another 15 years at least before atomic fuel threatens the coal industry, an atomic energy commission advisor said today.

Philip Sporn, president of American Gas and Electric company, said nuclear fuel will be burned in industry one of these days, but it will not be a significant competitor for coal for a long time.

Sporn did not expect recent reports that Russia had produced "an atomic explosion" would have any appreciable effect on the peacetime atomic exploration program.

The utilities head recently was appointed chairman of the advisory committee on cooperation between the electric power industry and the atomic energy commission.

Largely Guesswork
He told the National Coal association's annual meeting a lack of essential facts on which to base accurate engineering judgment leaves estimates on atomic fuel largely in the guesswork category.

And costs, he said, will be the crux of the problem.

The cost of a nuclear power plant, Sporn said, has been estimated all the way from \$140 to \$1,000 per kilowatt of capacity.

(This compared with an average cost of \$140 to \$200 a kilowatt for a steam power plant, depending upon size and location. A hydro plant's cost is a little more than that of a steam generating station).

See Great Significance
Sporn said if the guess of a cost at the lower limit is realized or bettered, atomic power will have great social and economic significance.

Addressing the NCA convention yesterday, L. C. Campbell of Pittsburgh said the latest figures available for the first eight months of this year show 1.11 death per millions tons of soft coal mined.

That figure compares with 1.56 fatalities per million tons in the same period of 1948, said Campbell.

COP DIRECTOR
Albert B. Hermann (above), of Milltown, N. J., has been appointed executive director of the Republican National Committee by chairman Guy Gabrielson.

who is vice president of the coal division of Eastern Gas and Fuel Associates, adding:

"To date there is a decrease of 251 lives lost compared with last year and a goal of 370 fewer deaths may be reached for the year."

CONSIDER MOVE TO ADD BERLIN TO W. GERMANY

By JOHN SCALI

Washington, Oct. 7 (AP)—In a new tough-talking, tough-acting mood, the Western powers may make Berlin the scene of their next move in the heated dispute with Russia over Germany.

Diplomatic officials said the United States, Britain and France are considering adding their zones of Berlin to the West German Republic to counter the creation of a Communist-run government in Eastern Germany.

The three nations earlier had turned down an appeal for such a move from German officials in Western Berlin, on grounds it might anger Russia and further complicate four-power relations in the former German capital.

Send Angry Note

They apparently feel now that relations have reached a point where such action wouldn't make any great difference.

The United States yesterday blasted Russian conduct in Eastern Germany in two of the sharpest statements ever aimed at the Soviets by the West.

First the State Department sent the Russians an angry note, bitterly denouncing the "shocking mis-

labeled 870 deaths in bituminous mines last year, equal to 1.46 million tons—the lowest figure in soft coal history.

treatment" received at Russian hands by Americans who wandered into Eastern Germany by accident.

Then Undersecretary of State Webb issued a strongly-worded statement charging that Russia, having already reduced Eastern Germany to "an oppressive police state," is now trying to set up a "dictatorial unrepresentative" government there.

French Will Agree

With Eastern Berlin chosen as capital of this Communist regime, an obvious Western counter-move could be to establish West Berlin as the 12th state of the West German Republic, which has its capital at Bonn.

Such action also would serve, officials said, to "protect" the 2,000,000 Western Berlin inhabitants.

These diplomats said France may be reluctant to go along with this

SUEING EX-MINER TO GET PENSION

Uniontown, Pa., Oct. 7 (AP)—That ex-coal miner who sued the United Mine Worker Welfare fund and then was tossed out of the union may get his disability pension, anyway.

In fact, if the UMW fund benefits remain suspended, he may be the only coal miner to get a pension. The miner, George H. Livengood, 54, held a press conference last night and displayed a telegram from Norfolk, Va.

move, but they believe that eventually the French will agree.

Russia can be expected to denounce such a step.

The wire read: "Admire your courage. As long as you have the intestinal fortitude to stand up against John L. Lewis, I will pay the pension of which they have deprived you."

It was signed "R. Lee Page." Livengood says he does not know Page and has not yet investigated whether it is a genuine offer.

Livengood filed a federal district

court suit in Washington, D. C., September 22 in which he asked removal of the welfare fund's trustees and an annual audit of the fund.

A few days ago Local 6308 near Uniontown cancelled Livengood's membership on the ground that he had taken court action without first airing his grievance to the union.

500 NEWSPAPER EXECUTIVES IN SESSION TODAY

By JOHN DEITRICK
Harrisburg, Oct. 7 (AP)—Pennsylvania newspaper executives were told today that the volume of libel suits against newspapers is showing a decrease.

Harold L. Cross, associate dean, graduate school of journalism, Columbia university, made this disclosure in a review of libel trends before the 25th anniversary convention of the Pennsylvania Newspaper Publishers' association.

One of the major reasons for the downward trend in libel litigation, Cross said, is "an increasingly high sense of newspaper ethics and responsibility."

Over 500 newsmen there. This is evidenced, Cross said, "by the emphasis on care and accuracy whenever newspaper men gather for discussion of performance in the craft and the growing number of specific down-to-earth programs in newspaper offices."

Meanwhile, William N. Hardy, PNPA manager, announced a registration of over 500 for the two-day convention—highest in its history.

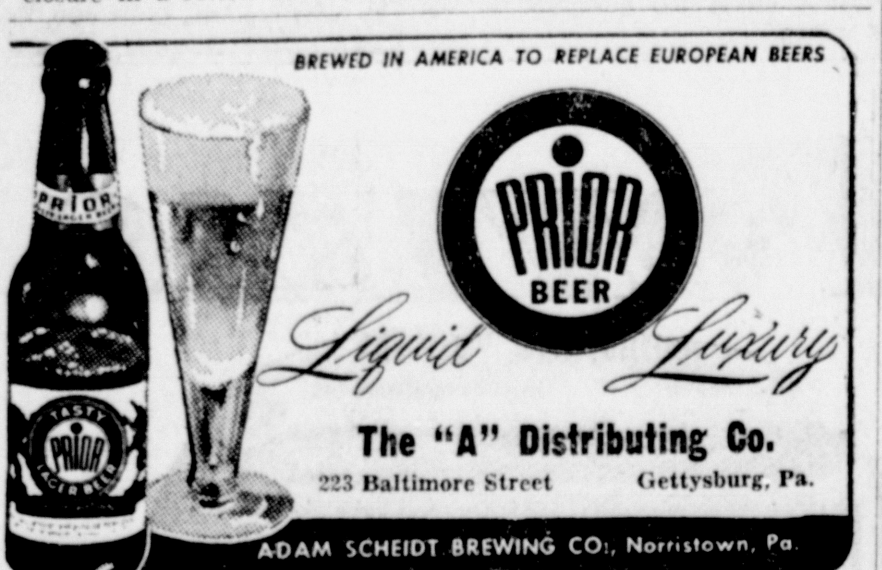

A host of prominent men in the newspaper and allied fields were scheduled to speak before the executives of daily and weekly newspapers representing all parts of Pennsylvania.

Cross told the convention that other major factors influencing the general drop in libel suits were an increasing "libel consciousness on the part of the working press, and the diminished number of 'local, sensational and other kinds of 'insensitive' news."

Honor Charter Members
Cross said, however, that while the general volume of libel litigation is going downward, there is a noticeable upward trend in libel suits in the field of politics.

He said this is due partly to the "increased number of stories in political and ideological fields; the provocative nature of much of the output of some political columnists which has started a sort of fashion to sue; and third, the increasing sensitiveness of politicians."

The association paid homage to its three surviving charter members, presenting each with an electric clock. The three are Daniel N. Slep, Altoona Mirror; Howard Reynolds, Quarryville Sun, and William L. McClean, Jr., Philadelphia Bulletin. The presentation was made by Har-

Harrisburg Steel Workers To Strike

Harrisburg, Oct. 7 (AP)—Some 1,160 workers at two Harrisburg steel plants are slated to go on strike tonight.

George Medrick, District 11 director of the United Steelworkers of America announced the walkout at the Harrisburg Steel company and the Central Iron and Steel company last night after returning from a conference with Philip Murray, USW president, in Pittsburgh.

"We have done everything to keep the plants operating as long as there was a chance for a settlement," Medrick said in his statement.

However, at Harrisburg Steel, where furnaces have been shut down all week in preparation for the strike, Company President Joseph T. Simpson said it was "unfair for both the company and the strikers" if the strike is called now.

"Other companies comparable to ours have not been struck," he said. Harrisburg steel is basically a fabricating plant.

Lexington, Ky., Oct. 7 (AP)—Bangaway was a 2-1 favorite in the morning line for today's \$58,922 Kentucky Futurity, and the overdue break he got in the draw for post positions is expected to shorten the price before start of the first heat.

The Saunders Mills Star was listed to start from the fourth slot, a substantial improvement from the 18th place he drew for the recent Hambletonian.

RAFFENSPERGER IS SPEAKER FOR LIONS' MEETING

"Too many people in America today are passively, nonchalantly taking for granted the things that we have received from the past," Charles I. Raffensperger, assistant superintendent of Adams county schools, told the Littlestown Lions club at their semi-monthly meeting Thursday evening in Banker's restaurant.

"We are in danger of deteriorating from within as a result. Just because a thing is old, doesn't say that it is no good. That thrift which we were taught in our childhood days is gone because we put our trust in material things." Continuing he said: "That something for nothing philosophy must be changed. We must take our boys and girls and shape and mould their character. This is the task of the home, the church and the school."

"The school has a tremendous opportunity to mould character as 32 million of the 142 million of our population are enrolled in schools from the kindergarten to the colleges," he said. "Because school districts in many instances are too small to properly take care of this task, the state came in and talked about larger units. The last session of the legislature made it possible for districts in a jointure to be reimbursed on a higher percentage basis because of the larger units," Raffensperger stated.

Assessments Lower
Applying this statement to the Littlestown Jointure he quoted figures showing that the Jointure is receiving \$15,600 more this year in the way of state appropriation because of the jointure. He said, "In 1948-49, the appropriation for the jointure was \$77,424.13 and for the year 1949-50, the appropriation will be \$93,010.33. This is typical of benefits derived in sending all pupils to schools in your own area," he said.

Quoting figures from the state tax equalization board he revealed to the Lions that the assessment within the Littlestown Jointure is \$145,025 less now than it was in 1932.

In conclusion he said: "There is no time to lose in strengthening school districts so that they may give the needed education. States must exercise their responsibility to make school districts satisfactory channels for good education. Good schools make good citizens. Good citizens make good business and industry. Thrill the people with the American way of life and no nation can come in and beat us."

Waltman Presides
The program was conducted by the Education committee with Henry E. Waltman presiding. Mr. Waltman presented the speaker.

President John F. Feaser presided over the business session. There were two guests, William Evans, Plymouth, the father of Clayton L. Evans, Littlestown high school football coach, and the Rev. John C. Brumbach, pastor of Christ and St. Luke's Reformed churches.

He explained that the age to enroll as a Cub has been lowered from 9 to 8 years, and the age for enrolling as a Boy Scout has been lowered from 12 to 11 years.

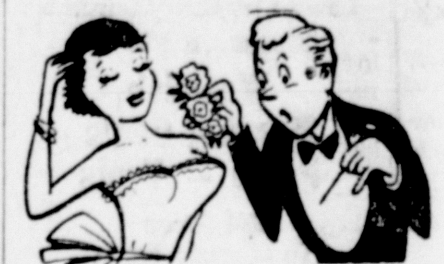

A survey made recently in the community revealed there are at least 22 boys who are interested in becoming Cub Scouts. Mr. Crouse will mail letters to these boys next week asking them and their parents to attend a meeting on Friday, October 14, at 7:30 p. m. in the fire hall. A film on "Cub Scouting" will be shown. The present Cub Scouts will attend this meeting in uniform and Mr. Blettner will be present to conduct an inspection.
